GALVIN GREEN

NEVER COMPROMISE

# WINNING PATH READ THE LINE

With purpose comes a clear path. Galvin Green has always strived to help golfers play more golf, by providing apparel that makes you feel, and look good. Maybe you have a clear trajectory in mind, or maybe you're going with the flow. But to enjoy every moment of this great game, you need comfort, freedom of movement, and the knowledge that all of your equipment is doing its job.

The foundation of the Spring 2026 collection is lines — the paths, the trajectories, the directions, and the way. Using high-tech materials and functional cuts, these pieces are designed to deliver performance and comfort for golfers. Details matter, which is why every single element of the clothing has purpose. And our Swedish roots mean we know that functionality never has to come at the expense of style, resulting in apparel that performs as well as it looks.

**JOIN US, ON THE WINNING PATH.**

# THE WINNING PATH IS THE FAIR\_WAY

### **DURABILITY**

Durable products are the foundation of Galvin Green and our garments. The most sustainable piece of clothing is the one you already have in your closet, and owners of our products will know they can rely on their Galvin Green pieces for years. We also help our customers to maintain their garments by offering help with repairing or re-waterproofing.

### **ENVIRONMENTAL RESPONSIBILITY**

We perform thorough testing of our products, both for durability and chemical contents. For the past two years, we've been performing chemical testing at 3rd party institutes, using globally recognized methods such as ISO, which ensures the safety of our products using transparent methods. We're expanding the number of components in our range that are sample tested every year.

### **SOCIAL RESPONSIBILITY**

We consider the well-being of our vendors staff extremely important. To ensure they have a safe and healthy working environment, we have a code of conduct included in our supplier agreement. We also collect 3rd party social audits from all our garment manufacturers annually.

2026 PART ONE

# NEW & NOTEWORTHY

## THE SHANE CAP

With a contrasting brim and front Galvin Green embroidery, Shane is a new cap made from a more structured fabric with ventilation holes for enhanced breathability.

## A NEW INSULA™ FABRIC

Introducing a brand-new INSULA™ Warming Effect #1 fabric with a soft surface inside and out. Available in two styles (**Don** and **Darryl**) and with an exceptionally smooth hand feel — these mid-layers are a standout addition to the Spring collection.

## PERTEX SHIELD JACKETS

The new Pertex Shield 3-layer stretch jackets Arlo and Abby are made from the highly acclaimed 3-layer fabric and feature the performance details you've come to expect from Galvin Green rainwear — now with a sleek, modern design.

## INTERFACE-1™ WARMING EFFECT #1

We've expanded our range of ultra lightweight INTERFACE-1™ jackets with **Luis**, a quarter zip short sleeve for men. Weighing in at 94g / 3,3 ounces (size medium), this stretchy windbreaker is rated with warming effect #1.

## AN UPDATED PANT AND SHORTS FABRIC

New to the VENTIL8™ PLUS collection, Nick, Pedro, Nea, Nova, and Nina are bottoms produced in a new, lightweight recycled polyester fabric. Designed for comfort, most styles feature denim-style pockets for a modern, versatile look. By popular demand, the men's **Pedro** short now features a shortened inseam — 8.5" for size 34".

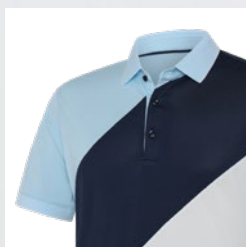

## A NEW CORE JACKET

Our core styles make up the foundation of the collection, offering streamlined, classic designs. **Andrew** is the latest core jacket, a full zip rain jacket made from Pertex Shield stretch technology.

## A VERSATILE WOMEN'S MID LAYER

Introducing **Darla**, an INSULA™ warming effect #2 women's zip up. Designed for layering on the golf course, its silver zipper adds a sleek touch, making it versatile for everyday wear.

## WHAT'S NEW IN SHIRTS?

The statement shirt: Meet **Maggio**, an eye-catching shirt with a bold contrasting stripe on the front.

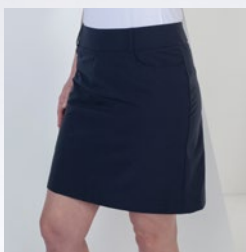

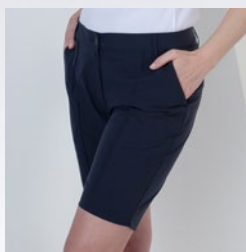

The new classic: Riding on the popularity of the Marty shirt, **Molly** is now the women's equivalent — a classic golf polo with striped ribbed collar and cuffs. Expect to see this core style around for a while.

The modern sporty: Introducing **Miley**, a striking new women's shirt with a silver zip front and sporty raglan sleeve.

## LONGER WOMEN'S SHORTS AND SKIRTS

The new women's shorts and skirts have an updated length, with **Nova**, **Nina**, and **Marielle** now approximately 2.5cm (1") longer than previous styles. Marielle and Nina also feature a new curved pocket design.
