Devoted to Quality™

We are devoted to quality. Every detail matters. We put all our knowledge, passion, and effort into our products. Just to fall in love with them. To make them be like our favorite song, food, or film. Things we never get tired of. We do it with devotion. Our reward is your satisfaction.

THE WHITE SELVAGE DENIM

Worn By Lisa Larsson

Lisa Larsson is someone you'd picture spending her autumn evenings in the Bemelmans Bar at the Carlyle and her summers in Antibes, sipping a glass of 2018 Vega Sicilias Alion. To her, culture, food, and wine are the holy trinity. After 8 years in the melting pot of New York City she's spent the last few years in Stockholm, continuing to explore the different shapes that food and the female body might take through her art.

"I'd say music for me is like therapy. Making music is a practice that just gives me peace, and really calms me. Playing my instrument, the saxophone, centers me. It's something I feel that I personally need. My song writing is an extension of that. It's transformative for me."

THE WHITE SELVAGE DENIM

Worn By Braxton Cook

In the world of jazz, there are musicians, and then there are storytellers. Braxton Cook, with his saxophone as his quill, weaves intricate narratives through the language of music.

“My sketchbooks... I order them from a bookbinder where I get to choose my favorite paper, 150g uncoated. I always carry it with me. I do everything in these books. From grocery lists to designs. Everything is in here. It's more like a diary. Every project I do starts in this book.”

2024

THE WHITE SELVAGE DENIM

Worn By Thomas Sandell

Humble, yet confident. Sophisticated, yet relaxed. Two simple phrases that concisely describe Thomas Sandell. With a happy twist of modernism, he has devoted the last 35+ years of his life to architecture and design.

2024

“For me, Champagne is life. It is so much linked to the way I live. I try so hard to capture every detail that it becomes a link to me as a person. My personal history and the history that has its origins thirty million years ago in the soil created from the Inland Sea.”

THE WHITE SELVAGE DENIM

Worn By Richard Juhlin

For the initiated, Richard Juhlin needs no introduction. With a God-given sense of smell and taste, a computer-like memory, and sensitivity like few others, he’s the uncrowned king of the world’s most beautiful wine, Champagne.

WHERE OUR PRODUCTS COME TO LIFE

The Berkeley Showroom

We created our showroom with the same devotion we put into every product. Each one of the 100 square meters have been carefully handcrafted to embrace every aspect of our brand. This is where our ideas are born and where we meet and develop together with our customers. We are looking forward to seeing you there soon. Welcome!

The Most Sustainable Garment Is the One You Wear the Longest

When launching our brand, almost 20 years ago, we had a clear ambition to design and develop long-lasting quality garments in timeless designs. That long-term philosophy has been woven into our company culture from the start. To us, the concept of buying less but buying better, forms the very foundation of sustainability over time. It drives everything we do. By constantly evaluating and improve our initiatives and efforts we are devoted to do what we can out of respect for our planet. Recent additions to our collection such as Carmel Jacket, Redding Vest and Commuter Padded Jacket have all been developed using recycled materials.

We are constantly working on shifting our classics to more sustainable options. Read more about our ongoing sustainability initiatives berkeleycompany.com. To further reduce our footprint, the carbon emissions from all Berkeley deliveries and returns with Postnord and UPS are 100% offset.

OUR HERO

The White Selvage Denim

We searched for a long time for a white shirt made from Japanese Selvage Denim. A shirt that, just like your favorite jeans, gets more character and patina the more it's washed and worn. We couldn't find one and decided to make it ourselves. The result is The White Selvage Denim, our Smart Casual interpretation of the white shirt. Made from a traditional selvage denim fabric woven in Okayama, Japan.

ITALIAN FLANNEL

John Cedar Flannel

The first thing you'll notice when touching this shirt is the incredible softness. Unlike your normal flannel it's also very lightweight. This is the consequence of Italian weaver Albini using very fine 80's 2-ply yarns in extra long staple (ELS) cotton. When washed and worn the shirt will develop a patina that reflects your everyday wear.

PREMIUM SELECTION

Twill Shirts

A twill fabric is characterized by its distinctive diagonal weave and texture, creating a pattern of parallel ribs. The nature and prominence of the pattern depend on the thread count and the type and tightness of the twill weave. Usually, twill used for shirts has an extremely tight weave with a high thread count and a little bit of shine to it. Often, the fabric is treated to be iron-friendly and resistant to wrinkles, making it easy to maintain. We use a tight twill weave for our shirts preventing see-through, while also lending a soft and natural drape.

PREMIUM SELECTION

Linen Shirts

A linen shirt is often referred to as the ultimate summer companion due to its natural breathability and coolness. The fabric itself is made from durable fibers from the flax plant, making it highly absorbent and fast to dry. The threads are loosely woven into a relaxed fabric perfect for hot climates. The flax plant gives the shirts a dry hand to it and makes it wrinkle easier than a cotton shirt. We consider those two characteristics to be what blesses it with such a relaxed look and feel.

Baruffa

MERINO YARN SPUN IN ITALY

Wilton

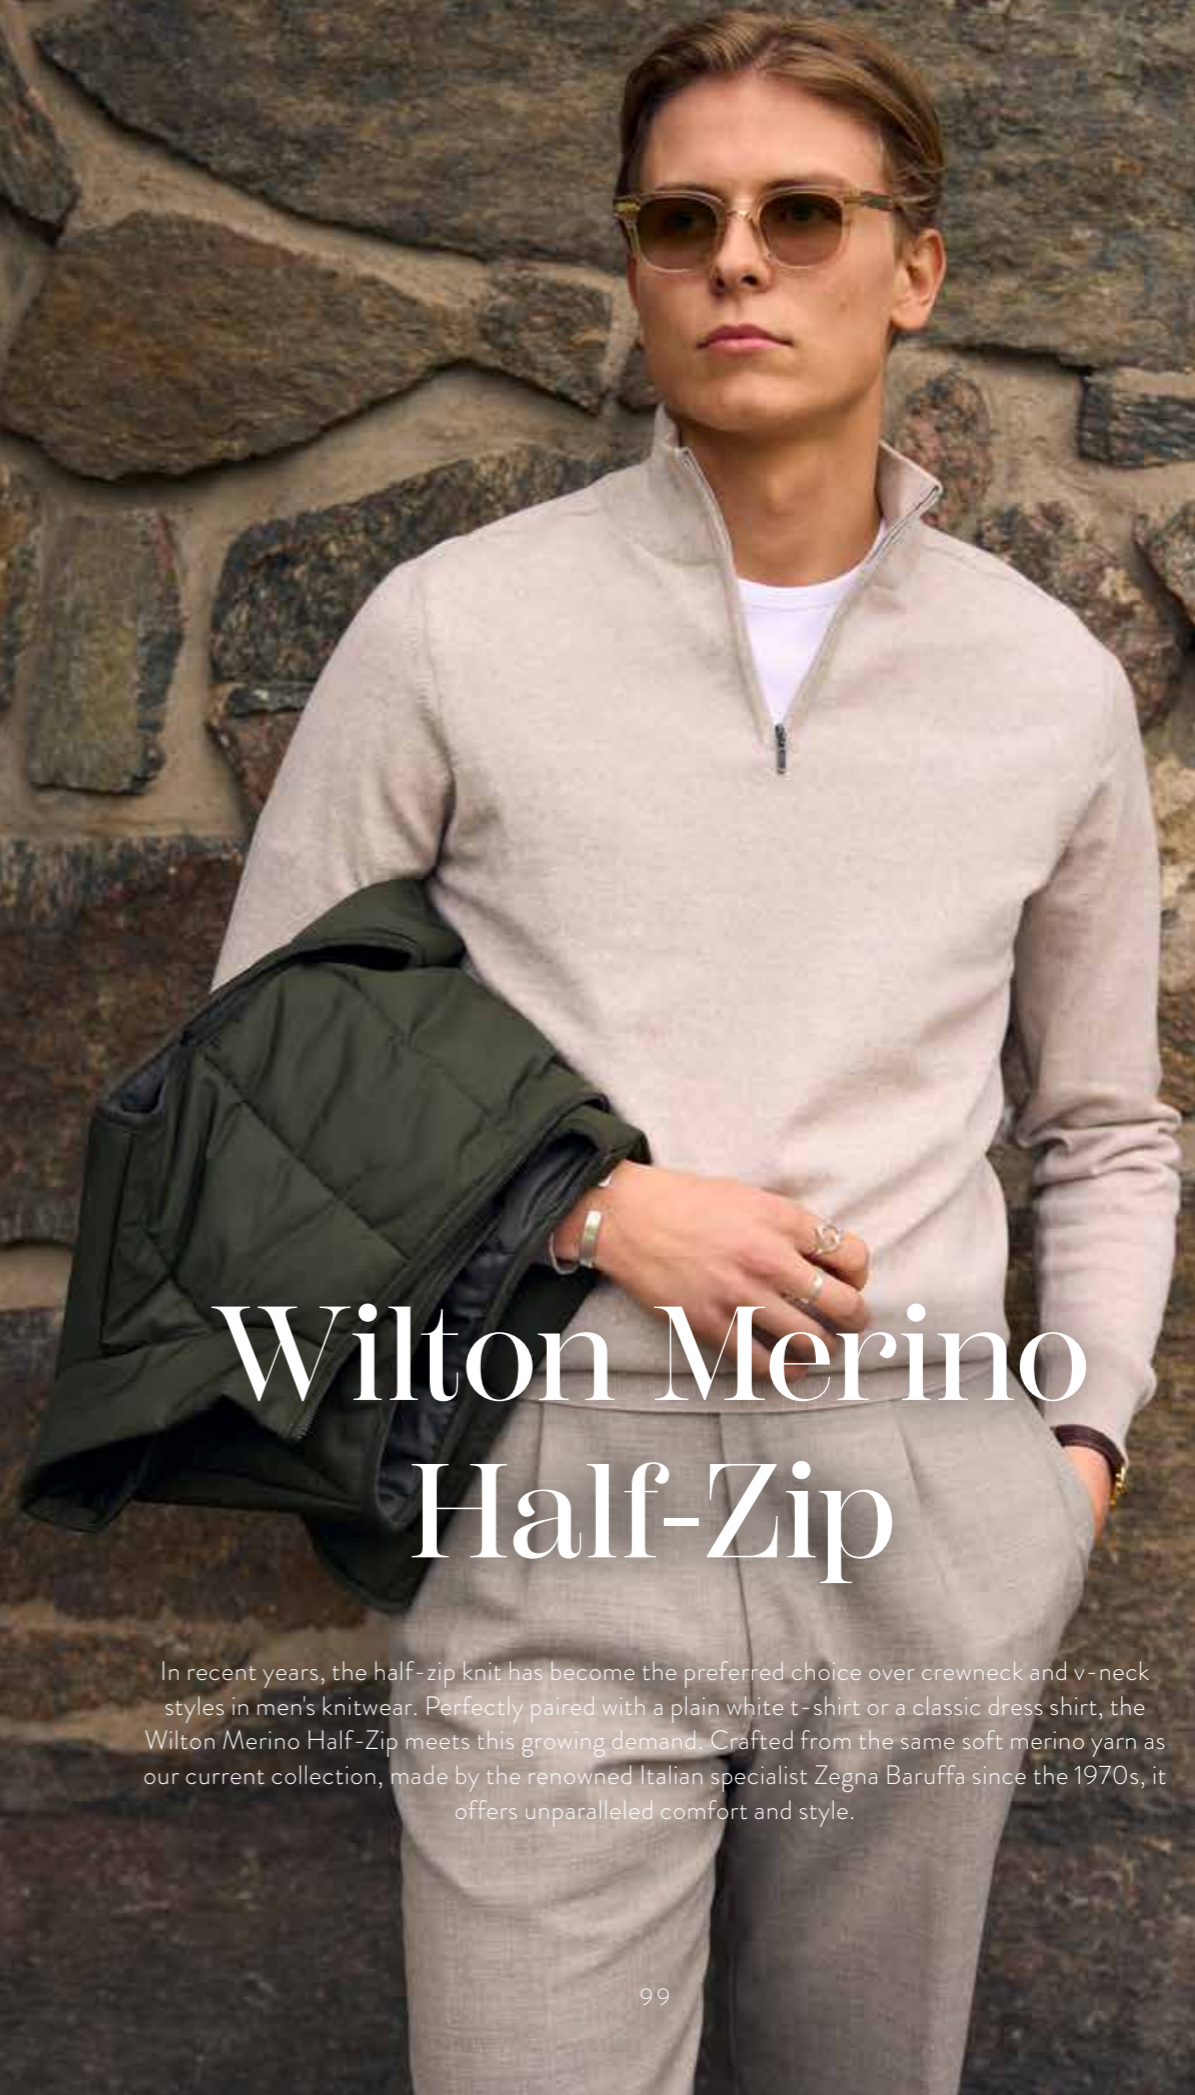

Sitting down to create our merino knits program we evaluated a multitude of suppliers to find what we believe to be one of the softest and most durable merino yarns out there. It's made by Zegna Baruffa and when it was released at the end of the 70's it revolutionized the world of knitwear. To this day it's a hallmark of Italian craftsmanship and a benchmark in the world of high-class knitwear. As shiny as silk, as soft as cashmere, 100% extra fine merino wool by Zegna Baruffa Lane Borgosesia entirely made in Italy. Our line is knitted in 12 gauge, the yarn count is 2/30 (2 ply), and the cuff, hem, and neckline feature reinforced ribbing.

Wilton Merino Half-Zip

In recent years, the half-zip knit has become the preferred choice over crewneck and v-neck styles in men's knitwear. Perfectly paired with a plain white t-shirt or a classic dress shirt, the Wilton Merino Half-Zip meets this growing demand. Crafted from the same soft merino yarn as our current collection, made by the renowned Italian specialist Zegna Baruffa since the 1970s, it offers unparalleled comfort and style.

THE ICONIC POLO

Camden

Since its debut on the world stage at the beginning of the 19th hundreds, this icon of a garment has been worn by movie stars and rebels alike. It's a hybrid between a shirt and a t-shirt, making it the perfect compromise. Casual, yet sophisticated. Well-dressed, yet relaxed. We offer two alternatives, both made from Oeko-tex 100 certified combed long-staple cotton yarns. The first, Camden Polo, is made from 100% Cotton Oeko-tex 100 certified yarns and features a 30/2 (2-ply) knit at a substantial yet light 240 g/m². The ribs are 5-layer and reinforced with elastane for stability and durability.

Our second option, The Camden Stretch Polo, features an identical design but for increased comfort and ease of movement, it has a 95%/5% cotton/elastane blend. The fabric is at 220g/m² with a 30/1 (1-ply) knit from Oeko-tex certified yarns, and the ribs are 4-layer and reinforced with elastane.

MERCERIZED LONG STAPLE COTTON

Commuter Polo

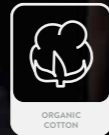

Sitting down to create our most exclusive piqué polo, the Commuter Polo, we started at the fiber level using durable yet soft fine long-staple cotton. After having spun the fine Oeko-tex 100 certified cotton yarns, they are mercerized. It's a process that strengthens the yarn and gives it a lustrous, shiny appearance, while also increasing the color constancy of the fabric. In order to further enhance the smoothness, the mercerized yarn is gassed very quickly using a hot flame. This is to remove any excess fuzz or lint on the thread. Thereafter the yarns are knitted into a 60/2 (2-ply) piqué knit at a light and comfortable 190 g/m², which is crafted into the final garment. A sophisticated and subtle piqué polo with a smooth hand-feel and tonal buttons.

ORGANIC COTTON

Tipton Tee

Few garments are as liked as the t-shirt. A true staple in every wardrobe, man or woman. Ours feature a 95%/5% organic cotton/elastane blend for comfort and ease of movement. It's cut from a 36/1 single jersey knit construction featuring 28 gauge at a light and airy 180 g/m² and finished with an antipilling treatment.
