PART TWO

GALVIN GREEN

NEVER COMPROMISE

FIND YOUR FOCUS
**THE GREAT
WIDE OPEN**

MERRY D0100162 8751 ROYAL BLUE/BLACK

On the golf course, we navigate vast open fairways that are perfectly manicured — set in striking contrast to the natural world around them, whether it's dense forest, rolling hills, or dramatic coastlines. We are focused and controlled on our movements as we navigate the game, without the ability to influence our surroundings, leaving us only the choice to adapt.

The inspiration behind the 2026 Part Two season is finding focus in the great wide open. We can't control nature or the weather, but we can be prepared. Galvin Green's expertise in high-tech materials, technical design, Scandinavian aesthetic, and a deep understanding of golf drives the innovation in this collection. Celebrate nature, in comfort.

A CELEBRATION OF NATURE

The planet was entrusted to us, and we take this role seriously. At Galvin Green, a responsible approach to business is core to everything we do. Year after year, we evaluate our processes, materials, and production to ensure we are constantly improving and exceeding expectations. The 2026 collections incorporate recycled fabrics, PFA-free* materials, and solution-dyed materials, all thoughtfully designed for longevity and durability while aligning with the Eco-Design Directive.

WELCOME TO THE FAIR_WAY.

- All DRYVR™ fabrics are either ISO-tested or bluesign® certified
- All INTERFACE-1™ fabrics are either ISO-tested or bluesign® certified
- All INSULA™ fabrics are either ISO-tested, bluesign® or OEKO-TEX® certified
- All SKINTIGHT™ fabrics are either OEKO-TEX® or bluesign® certified
- All VENTIL8™ PLUS shirt fabrics and almost all VENTIL8™ PLUS bottom fabrics are either ISO-tested, bluesign® or OEKO-TEX® certified

Our commitment, as strategic partner to the GEO Foundation, is an important step in driving development in the golf industry. The GEO Foundation is an international non-profit organisation, entirely dedicated to helping accelerate sustainability in and through golf.

DURABILITY

Durable products are the foundation of Galvin Green and our garments. The most sustainable piece of clothing is the one you already have in your closet, and owners of our products will know they can rely on their Galvin Green pieces for years. We also help our customers to maintain their garments by offering help with repairing or re-waterproofing.

ENVIRONMENTAL RESPONSIBILITY

We conduct testing of our products to ensure chemical safety. Over the past three years, we have partnered with certified third-party institutes to screen for hazardous substances using globally recognised methods in accordance with ISO and EN standards. A substantial part of our product range also includes components that are OEKO-TEX® or bluesign® certified. These measures help guarantee the safety of our products through transparent and reliable processes.

SOCIAL RESPONSIBILITY

We consider the well-being of our vendors staff extremely important. To ensure they have a safe and healthy working environment, we have a code of conduct included in our supplier agreement. We also collect 3rd party social audits from all our garment manufacturers annually.

2026 PART TWO

NEW & NOTEWORTHY

PUFFER JACKETS

London and **Luca** are high-loft jackets made with a new Thermore® padding that features loose fibres encased in a protective shell and combined with non-padded fabric panels for freedom of movement. The result? The warmest golf jackets we've ever made.

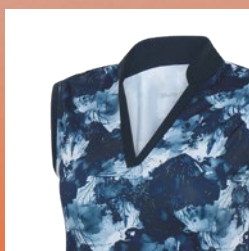

THE DANIEL MID LAYER

This new zip-up works as both a lightweight jacket and a mid layer. Contrasting ribbed details make a bold statement, while the soft fabric and practical pockets deliver comfort and functionality.

DALTON RETURNS

A favourite from the Warming Effect #3 range, the **Dalton** half zip is back for AW26. The padded shoulders and back deliver exceptional warmth, making this an ideal mid layer in cold weather.

VIVID PRINTS

The AW26 shirt lineup features bold, plant-inspired prints — palm leaves for men and bushes and trees for women — available in a range of vivid colours.

THE DANA BEANIE

A versatile knitted hat for extra warmth — on the golf course, during the daily commute, or any outdoor activity on a cold day.

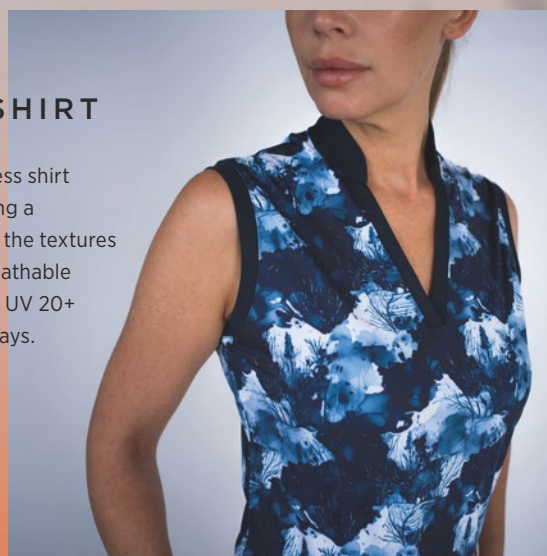

THE DAPHNE HOODIE

A cozy companion for cool days, **Daphne** is a hoodie mid layer made from a smooth, plush fabric. The high front neck and side slits offer comfort and freedom of movement.

THE MAYA SLEEVELESS SHIRT

Maya is a buttonless, sleeveless shirt with a collar stand, showcasing a watercolour print inspired by the textures of nature. Designed to be breathable and lightweight, it also offers UV 20+ protection for warm, sunny days.

LOGO UPDATE

A new logo for the women's collection debuts on select styles in AW26.

DRYVR™ WATERPROOF TECHNOLOGY

ENJOY THE GREAT OUTDOORS

Rain gear is our passion and our specialty, because we know that serious golfers aren't deterred by a bit of bad weather. The AW26 DRYVR™ waterproof collection introduces a range of new colours to tried and tested rain jackets, pants, and accessories.

Made from high-performance GORE-TEX and PERTEX® fabrics that are PFAS-free*, every piece is fully waterproof, windproof, breathable, and lightweight. Fit is prioritised, ensuring garments are not restrictive and offer full freedom of movement, while intentional details are designed to enhance the golfing experience. The DRYVR™ collection represents the culmination of decades of expertise in delivering high-performance rain gear trusted by serious golfers.

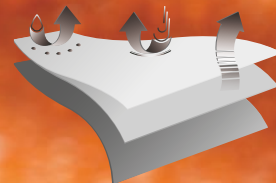

Features & benefits

- 100% waterproof
- Completely windproof
- Highly breathable
- Seam sealed
- Durable and long-lasting
- ISO tested or bluesign® approved fabrics
- PFAS-free*

GORE-TEX NON STRETCH WITH LINING

- Lining for extra comfort
- 2-layer GORE-TEX fabric
- Soft hand feel
- Guaranteed To Keep You Dry™

GORE-TEX technologies are based on a microporous membrane. Each pore is 20 000 times smaller than a drop of water, and 700 times larger than a water vapour molecule. This makes it 100% waterproof from the outside, but allows moisture to escape from the inside. Guaranteed to keep you dry™

EUROPE

SIZING INFORMATION

GALVIN GREEN IS A SWEDISH BRAND KNOWN FOR ITS EUROPEAN FIT. OUR CLOTHING TYPICALLY FITS TRUE TO SIZE, BELOW ARE SOME HELPFUL FIT NOTES FOR OUR KEY COLLECTIONS:

DRYVR™ AND INTERFACE-1™ JACKETS

The DRYVR™ and INTERFACE-1™ jackets offer a tailored fit, but they're not overly snug. They are designed to accommodate layering with base and mid layers underneath.

INSULA™ MID LAYERS

The INSULA™ mid layers are designed for a snug fit to maximise their thermal insulation properties. However, the super-stretchy fabrics ensure they remain comfortable and non-restrictive, making them ideal for layering under jackets.

VENTIL8™ PLUS SHIRTS

The VENTIL8™ PLUS shirt range typically fits true to size.

SKINTIGHT™ BASE LAYERS

The SKINTIGHT™ Thermal and Fresh base layers are made with super-stretch fabrics and are designed to fit tightly against the body to optimise thermal insulation and/or layering.

PICK AND MIX

AUTUMN 2026 WOMEN'S COLLECTION

With a palette of deep blues, soft neutrals, and natural tones, the collection allows golfers to mix and match separates to suit the day and its conditions. From sleeveless tops to tailored trousers, each piece is made from high-tech fabrics that support movement, comfort, and control — no matter the terrain.

Built for performance and grounded in nature, the AW26 women's collection offers versatile silhouettes designed to adapt — whether you're facing wind across open fairways or sun breaking through the trees.
